

Agricultural Finance Positions

Crimson Capital is seeking Ukrainian national candidates for the following positions in anticipation of an upcoming USAID-funded activity to support development of the agricultural sector in Ukraine. Candidates should have a university degree in a related field, excellent interpersonal skills, at least 5 years of relevant professional experience, computer proficiency and must speak English. Previous experience on USAID-funded projects a plus. Please submit your curriculum vitae to recruiting@crimsoncapital.org with "Ukraine AgroInvest Project" in the subject line by June 2, 2010. Please indicate the position for which you are applying.

Senior Agriculture Finance Officer (Manager or Director): Minimum of 7 years experience in access to finance (preferably for the agricultural sector), including development of new lending opportunities and marketing plans, value chain analyses, risk grading and loan performance monitoring. Experience with a range of agricultural finance products, including pre-harvest financing, leasing of agricultural equipment, warehouse receipts systems, etc. Previous management and banking experience preferred.

Agriculture Finance Officer: Minimum of 5 years experience in access to finance (preferably for the agricultural sector), including risk grading, loan performance monitoring and development of new lending opportunities and marketing plans.
